WR284 Waveguide High Power Attenuator

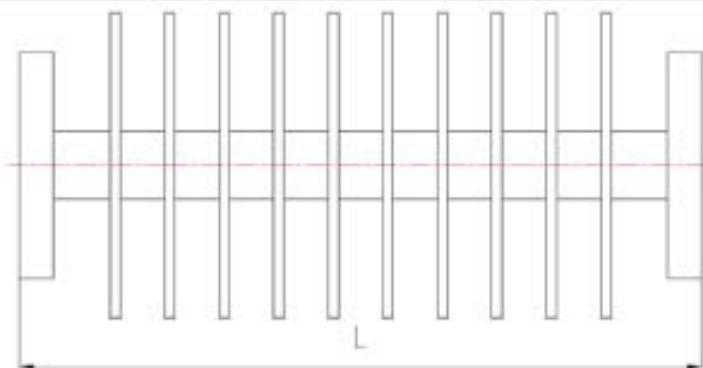

Part Number ¹	284WHPFA-XX
Frequency Range (GHz)	2.60-3.95
VSWR max	1.1
Attenuation(dB)	(3/6/10/20/30)±0.5
Power Handling(W)	500
Size L(mm) ²	260
Operation Temp(°C)	-40~+70
Flange Type ³	FDP32/FDM32
Waveguide Type	WR284
Material	Al/Cu

Note:

1. Please refer ordering information below for your part number.
2. Customization is available.
3. Please refer to "Flange Drawing" section for detailed flange drawing.
